BURLINGAME BUDGET
2016-17
GENERAL FUND AND CAPITAL IMPROVEMENT PROGRAM AT A GLANCE

Where Does the General Fund Revenue Come From?
Transient occupancy and sales tax revenues are expected to grow due to increased tourism, passenger traffic at SFO as well as more foot traffic in the vibrant retail corridors on Burlingame and Broadway Avenue. Sales per capita in Burlingame continue to surpass State and County levels. Property taxes are expected to grow due to new construction and changes in ownership. As a result, revenue is expected to grow by 8% compared to last year’s budget.

Your Burlingame Sales Tax Dollars Explained
The City's sales tax is 9.00%. This means for every $100 you spend, you spend another $9 in sales tax. Here's the breakdown of where it goes:

Sales tax revenue to the County supports public transportation, including SamTrans, Caltrain, and roadway improvements. More than half of the State's share goes to the State General Fund, with the remaining going to education, public safety and social services.

The Budget Has Reserves for Rainy Days & Saves for Unfunded Capital Needs.

35% of General Fund expenses will be in reserves upon budget adoption.

Healthy reserves are needed to prevent service disruptions during times of economic decline.

On July 1, the City will also have **$13.5 million** set aside for unfunded capital needs.

The City has over $100 million in critical infrastructure needs, such as a new Community Center, City Hall, and a downtown parking garage.
