

Dear citizens of Burlingame,

My name is Jonathan Hutton and I've been with B Co 1/327 since November '02. I really think what you guys have done for us while we've been deployed is awesome. Not only does it let us know that people in the states still care, It makes life a little easier because of all the useful things you guys send us. We all hope you guys understand how grateful we are.

Sincerely,
Jonathan Hutton

P.S. - Tell the girl scout troop that the majority of us wear those bracelets that they made for us. ☺
