NOTICE TO BIDDERS

For the **EAST BURLINGAME AVENUE & ANZA LAGOON BRIDGE UTILITY IMPROVEMENTS, CITY PROJECT NO. 83522**, sealed proposals will be received at the office of the City Clerk, City Hall, 501 Primrose Road, Burlingame, California, until 2:00 P.M., on Tuesday, June 4, 2019. Sealed bids will be publicly opened and read at 2:00 P.M. on that date in City Hall, Conference Room A, in the City of Burlingame, San Mateo County, California.

Plans and Specifications covering the work may be obtained by prospective bidders upon application and a cash or check, non-refundable deposit of \$40.00, or \$45.00 if contract documents are mailed (USPS only), at Public Works Engineering, 501 Primrose Road, Burlingame, CA 94010. Project documents (Read-Only) are available for viewing at www.burlingame.org/departments/public_works under Capital Improvement Projects.

The work shall consist of installing new water mains in the City of Burlingame and San Mateo County. Approximately 100 linear feet of new 10-inch, 3,350 linear feet of new 8-inch, 1,350 linear feet of new 6-inch, and 115 linear feet of new 4-inch Polyvinyl Chloride (PVC) and Ductile Iron water main on East Burlingame Ave and Anza Lagoon Bridge. For Burlingame Ave the existing 4-inch, 6-inch, and 10-inch water mains will be abandoned in place. The construction method is anticipated to be conventional open trench and the water main will typically be installed at three to five feet depth of cover. Work also consists of installing a new 2-inch water service, approximately 220 linear feet, to an existing bathroom at Washington Park. For Anza Lagoon Bridge, the existing 12-inch water main on the bridge will be left in place and a new 8" pipe liner will be slip-lined and short sections main after the bridge will have be conventional open trench with the water main typically installed at three to five feet depth of cover.

The sanitary sewer work shall consist of approximately 20 linear feet of new 12-inch, 1,860 linear feet of new 8-inch, 50 linear feet of new 6-inch, and 930 linear feet of new 4-inch Polyvinyl Chloride (PVC SDR26) & HDPE (DR 17) sewer mains along with 8 new manholes on Burlingame Avenue between East Lane and Dwight Road. The existing 6-inch sewer mains will be removed to install the increased size mains. The sanitary sewer work also consists of approximately 215 linear feet of new 1-1/4" HDPE SDR 11 force main and new grinder pump for an existing bathroom at Washington Park. The construction method is anticipated to be conventional open trench with one section to be pipe-burst and the sewer main will be installed at a slightly deeper elevation than current depth of the existing sewer system.

Special Provisions, Specifications and Plans, including prevailing wage rates to be paid in compliance with Section 1773.2 of the California Labor Code and related provisions, may be inspected in the office of the City Engineer during normal working hours at City Hall, 501 Primrose Road, Burlingame, California, and are also available for review at the State of California Department of Industrial Relations' Web site.

A **non-mandatory** pre-bid meeting associated with this project will be held on Thursday May 23, 2019, at 9.00 A.M., City Hall, 501 Primrose Road – Conference Room B, Burlingame, California.

The Contractor shall possess a Class A license prior to submitting a bid.

No contractors and subcontractor may be listed on the bid proposal for a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section

1771.5(a)]. **All contractors and subcontractors will be required to furnish electronic certified payroll records directly to the Labor Commissioner (aka Division of Labor Standards Enforcement).**

All work specified in this project, shall include the base bid and alternate bids (if shown in Proposal), and shall be completed within **120 of Working Days (WD) (one hundred twenty working days)** from date of the Notice to Proceed.

Kevin Okada, P.E.
Senior Civil Engineer

DATE OF POSTING: May 13, 2019
